ROOT-MORAN TEAM WIN SIX-DAY RACE

In a Dash in the Final Mile Eddie Root Wins the First Place.

Jackie Clarke Finishes Second by a Half a Wheel—Folger Gets Third.

NEW YORK, Dec. 10.—Eddie Root, of the Root-Moran team, finished first tonight in the final mile dash that decided the six-day bicycle race at Madison Square Garden. His time for the mile was 2:56.15, and his distance for the six days 2,545 miles 3 laps.

Jackie Clarke, of the Rutt-Clarke team, finished second by half a wheel, Joe Folger, of the Folger-Hill team, third, and Patrick Hehir, of the Goulet-Hehir team, fourth.

By their victory Root and Moran divide \$1,600, the prize for the first place. The record is 2,737 miles 1 lap, made by MacFarland and Moran, in 1908.

Slow as the race year shows in the average and totals, it was marked by bursts of furious sprinting. In the earlier hours, while the weaker teams were being weeded out, the riders were far ahead of all previous figures, but when the competition narrowed down to the real contention there was a slackening of interest until penalties began to occur.

Two veteran teams—Clarke and MacFarland, and Rutt-Stol—disbanded and formed the reconstructed team of Rutt-Clarke, which accepted the penalty of the two laps always imposed on new partners.

MacFarland became their coaching leader and the new alignment provoked the bitterest jealousy.

In the decisive mile Root led at a slow pace in the first three laps, still led at an increased pace during the next two laps and then went at racing speed and beat Clarke home by half a wheel.

Notwithstanding there were so few serious accidents, there was much fouling and the judges imposed many penalties for unfair jockeying, pocketing and improper riding.

TWO HALF-BREEDS NOW UNDER ARREST

One of Suspicious Characters Attempts to Draw Automatic Gun Upon the Officer.

Two strangers, both of whom are half-breed Indians, were taken into custody by the police last night and are being held as suspicious characters. They gave their names as Charles Wagner and Harvey Martin. They will be arraigned before Judge Murphy Monday morning.

The men were arrested by Detective Chambers at the corner of Twenty-fifth street and Lincoln avenue early last evening. When searched at police headquarters Wagner was found to be in possession of a 38-caliber automatic revolver. The weapon was wrapped in a handkerchief. When approached by the officer Wagner attempted to pull the gun, but was prevented from doing so.

It is believed by the police that the men are in the city for no good purpose.

Drexel and other women of her set, but Mrs. Harper said the lectures did not mean that.

SALVATION ARMY'S APPEAL FOR POOR

Seeking Cast-Off Clothing to Be Given the Poor Families of the City.

Address a Letter to the Citizens to Assist Them in the Charitable Work.

The Salvation Army Industrial home, located at 257 Twenty-fifth street, has sent out the following appeal to the people of this city:

"Dear Friends and Citizens:

"We make this appeal to you in the following manner in order to secure assistance in our effort to help the poor and needy of this city. By your giving us your cast-off clothing, garments for both men and women, and also children, we will be able to do much good now that the cold weather is coming on.

"The poor and needy are in need of warm clothing and they are making applications to us for garments, but we are sorry to say that the supply of the much-needed clothing is very small. We also appeal to the business men of the city, for if they have any damaged clothing of any kind that they cannot offer for sale we could make very good use of it in our charitable work.

"Any assistance of any kind whatsoever that will help us in carrying on this work among the poor will be thankfully received.

"Faithfully yours,

(Signed.) EDWARD CLARK,

"Envoy in Charge."

ELIZA R. ROYLE CALLED BY DEATH

Prominent Club Woman of Nation Passes Away at Salt Lake City.

SALT LAKE, Dec. 10.—Eliza R. Royle, one of the three honorary vice presidents of the General Federation of Women's clubs, died here this afternoon, aged 75 years. She was the widow of Jonathan Royle, who passed away in June. They had been married more than 53 years at the time of Mr. Royle's death, and the loneliness and grief shortened the widow's life, although she was tenderly cared for by her children, Martha Royle-Palmer, Edward Milton Royle, the playwright; J. C. Royle, of the Denver Associated Press office, and Dr. Sinclair K. Royle, of New York. Two sisters, Mrs. Joseph A. Thatcher and Mrs. Mary S. Turner, both of Denver, survive her.

Mrs. Royle was instrumental in organizing the Ladies Literary club of Salt Lake, the first woman's club west of the Missouri river.

BIG INCREASE IN POPULATION A SURPRISE

Washington, Dec. 10.—With its practically 92,000,000 population, as shown by today's announcement by the census bureau of the total population, the continental United States exceeded the advance estimate of the bureau to the extent of about 2,400,000.

Previous to the beginning of the thirteenth census the bureau expressed the official opinion, based on previous increases, that the aggregate would be 89,600,000.

Even up to last night it was not believed that it would greatly exceed 20.5 per cent, whereas when the final tabulation was made it was found to be 21 per cent, giving a total increase of 15,359,860.

Notwithstanding the rate of increase was greater than had been expected, it still was smaller than that scored in any previous decade except that between 1890 and 1900, when the increase amounted to 20.7 per cent. Between 1850 and 1870 the increase was 22.6 per cent. The largest increase ever shown in any ten years was that of 26.4 per cent, between 1800 and 1810. Unquestionably it will be necessary to alter the basis of representation in congress. At the present rate of 19,000 people to each member of the house, the house would contain 474 members, as against 352 at present. It is the general belief that this number would be unwieldy. Even at the rate of 220,000 as a basis the house would contain 418 members, an increase of 27.

SENSATION IN LEBLANC TRIAL

Witness Declares That a Woman, Other Than Accused, Was Seen at Scene of the Shooting.

Widow of the Deceased Declares She Never Threatened the Life of Her Husband.

CAMBRIDGE, Mass., Dec. 10.—For the first time since Hattie Le Blanc was placed on trial twelve days ago for the murder of Clarence Glover, evidence that a woman was seen on the night of the crime in the immediate vicinity in Waltham, where the shooting occurred, was introduced today. Two witnesses testified that they saw a woman hurrying out of an alleyway behind the laundry on that night. One of them is Isaac Walker, who said that the woman's face was flushed and her manner nervous; made curious by her strange appearance. Walker said he followed the woman, who went a short distance on a trolley car, left it and joined a man on the street, and a little later left this man and disappeared behind a fence on a vacant lot. The man soon afterward went into a house, which the witness later learned was the home of Clarence Glover.

Was Not the Defendant.

"It was a woman, not a child," said Walker, when the eighteen-year-old defendant was led before him for identification. "It could not have been Hattie Le Blanc."

Charles E. Benner, sexton of a church in Waltham, the other witness, who said he saw the strange woman emerging from the laundry alleyway, declared it was not Hattie Le Blanc.

Mrs. Lillian M. Glover, the widow, who has been the principal target of the attacks of the defense, took the stand again today and denied that she ever had threatened to kill her husband or had bought a revolver.

The defense rested at noon. It is expected that by Wednesday noon the fate of Hattie Le Blanc will be in the hands of the jury.

MOTION PICTURES OF PASSION PLAY

Given at the Weber Academy Last Evening by Rev. M. L. Stewart for Students.

A motion picture reproduction of the Passion Play, as presented at Oberammergau, Bavaria, was given at the Weber Academy last night under the auspices of the lecture course committee, but it was not one of the regular lecture course numbers. A far-distant crowd witnessed the splendid entertainment.

The pictures were accompanied by a lecture by Rev. M. L. Stewart and there were also two solos by Professor F. H. Baugh. During the evening Professor Baugh, who is possessed of an excellent tenor voice, rendered "My King" and "The Holy City."

Rev. Stewart's lecture on the biblical history of the circumstances on which the Passion Play is based, was most interesting and instructive. Every detail of Bible story as told by the three thousand feet of film was thoroughly explained by the lecturer.

The films represented the highest attainment in the art of motion pictures. They were hand-colored throughout and the pictures were clear and steady.

IMMIGRATION AGENT INVESTIGATES CASE

Following the arrest of Miss Emma Jok, a Japanese girl, who was found by the local police in one of the Al-ley resorts, Federal Immigration Inspector Hise, of Salt Lake City, came to Ogden yesterday and took the girl back to the southern city.

It is understood that the federal authorities are in possession of evidence which may result in the Japanese girl being sent back to her native land. She has been in America for several years, but it may be proven that she was brought to this country for immoral purposes.

INSURRECTOS SEARCHING FOR DIAZ'S TROOPS

(Continued from Page One.)

tachments of them could be seen occasionally on the horizon of the mesa. Three hundred others were encamped about fifteen miles to the southwest and an equal number north at about the same distance. All were working east according to a pre-arranged plan.

All are mounted, well armed and well equipped with ammunition.

The captains, who gave the information as to troops other than those seen by the correspondent, were interviewed separately or in groups of two or three and all told the same story in essentials. It may therefore be stated as a fact, that the insurgents army now operating west of this city, numbers approximately 1,000 well equipped men.

Rebels Are Able-Bodied Men.

If there were a directory of the able-bodied men along the railroad line as far as La Junta, it might be turned into an army roster without much editing, for at the towns along the road there were no non-combatants to be seen except young boys and very old men.

The insurgents, contrary to many statements, are fully aware that other parts of Mexico are in revolt. In interview after interview the correspondents were informed that the Chihuahua revolutionists regard themselves as the spark which may set the country in revolt. If they can win the impending battle they declare

that this city will be occupied and that in their belief this signal of insurrection will bring about a general revolt.

Must Win Battle or Die.

"We must win this battle or die," was the sentiment generally expressed.

In a speech delivered to the troops Friday, when it was thought that the fight was only hours away, Jose Robichin, a Yaqui Indian by birth, and one of the captains, declared that the men must realize that they might be merely martyrs, but their deaths would be a step forward in the path of liberty.

They claim that they are not fighting to place Francisco I. Madero or any one else, in the presidential chair.

They say they have begun the fight to save the country from possible anarchy. Madero is highly regarded, and he is the first choice, but he personally is not essentially a principle of the revolution. It is significant of the regard, in which he is held, however, that a "Viva Madero" was given at the conclusion of Robichin's address to the troops.

Navarro Halted His Forces.

It is the consensus of opinion here, in the absence of official information, that General Navarro halted his advance when he found that his army's strength was numerically equal to his own, although lacking his rapid fire guns and his three-pounder. Their profound knowledge of trails, and their extreme mobility, every man being mounted, also demand that the attacking force, very largely infantry, shall be two or three to one.
